Giving Matters.

President, PVM Foundation

AGE OUT LOUD!

Everyone's aging, but who is listening?

Be the wake-up call! Your backing and your voice = a variety of services, safe housing for a wide range of older adults and putting veterans first.

YOU and PVM: we're up against a cultural indifference to the elderly.

It sounds harsh, but it's true.

Think about it:

"Over the hill." "Senior moment." "Past your prime."

Those are pretty rough words about older adults—and we hear them, or even say them without batting an eye.

You have the power to change that indifference and make this state a great place to live at any age.

Every time you introduce someone new to PVM, or you make a gift, you're bringing aging out of the shadows.

You're making it possible for you and your peers of all income levels, backgrounds and needs to **AGE OUT LOUD**. This month is Older American's Month, so **raise your voices and spread the word**.

World: listen up!

If you have any questions or comments, please contact us at 248-281-2040 or pvmfoundation@pvm.org.

Thank you!

Paul J. Miller, CFRE

***P.S. YOUR IMPACT:** *In 33 Michigan counties, there are now more older adults than school-aged children. HUGE when you consider that those older adults will stay as many kids grow up and move away.**

June Facts

The 6th month of the year brings us Summer, Father's Day, Flag Day, and the Summer Solstice. In the Georgian calendar, the calendar that most of the world uses, June is the sixth month. However, according to the early Roman calendar, June was actually the fourth month and had only 29 day. In 46B.C, Julius Caesar gave June 30 days instead of 29 when he reformed the Roman calendar. June was named after the Roman goddess Juno, who is the wife of Jupiter. However, others say that its name actually came from the Latin word iunioris. It means the younger ones, which is opposed to majors or elders which May's name was originated from. In June, spring ends and summer begins in the Northern Hemisphere. During this time, all the flowers and plants are very beautiful. In the southern hemisphere, winter begins in June.

Biography of Chet Parsell

Written By: Motoko Huthwaite

Born in Dearborn, Michigan, in 1934, Chet had two older sisters, who passed away in 1970 and 1974, respectively. In high school, he was in a Co-Op program which combined work and study. He enjoyed working in the machine shop and auto shop in 1953 at Fordson for three years. From 1953 to 1958, he joined the Army and trained in Missouri. He went to Korea in 1956 for 16 months.

Chet worked for a carpenter in the machine shop from 1955 to 1970. He worked as a carpenter, building homes in Dearborn from 1959 to 1972. He started working at Ford in 1973 until 2003.

He was a machine repair man at Ford for 30 years after his father. His son followed him at Ford so all three generations worked at Ford.

He met his wife at a football game. He dated her for two years. They were married in 1958. They had two children: one boy named Michael and one girl named Sherie. His daughter is a social worker and makes some fifty house calls a month.

For ten years, after he retired, Chet and his wife went to Clearwater, Florida, south of Tampa, in the winter where they had a condo.

In 2015, Chet's wife died of cancer. He moved here to the Village which he preferred over a high rise condo where you had to use the elevator.

Chet retired from Ford in 2003 with a pension.

Now he is happy to remain here where he enjoys TV and Wii Bowling. He also enjoys going out with his son, daughter, and son-in-law on lunch outings or going shopping at Kroger, K-mart, or Target.
